COVID-19 RISK INFORMED CONSENT

I _____ (patient name) understand that I am opting for an elective treatment/procedure/surgery that is not urgent and may not be medically necessary.

I also understand that the novel coronavirus, COVID-19, has been declared a worldwide pandemic by the World Health Organization. I further understand that COVID-19 is extremely contagious and is believed to spread by person-to-person contact: and, as a result, federal and state health agencies recommend social distancing. I recognize that _____ (service providers name) and all the staff at INTEGRO MASSAGE & WELLNESS are closely monitoring this situation and have put in place mandatory preventative measures aimed to reduce the spread of COVID-19.

However, given the nature of the virus, I understand there is an inherent risk of becoming infected with COVID-19 by virtue of proceeding with this elective treatment/ procedure/surgery.

I hereby acknowledge and assume the risk of becoming infected with COViD-19 through this elective treatment/procedure, and I give my express permission for _____ (service provider name) and all the staff at INTEGRO MASSAGE & WELLNESS.
I understand that even if I have been tested for COViD-19 and received a negative test result, the tests in some cases may fail to detect the virus or I may have contracted COViD-19 after the test. I understand that if I have COViD-19 and even if I do not have any symptoms, proceeding with this elective treatment can increase my chances of contracting.

I understand that possible exposure to COViD-19 before/during/after my treatment/ procedure may result in the following: a positive COViD-19 diagnosis, extended quarantine/self isolation, additional tests, and or hospitalization.

I understand that COViD-19 may cause additional risks, some or many of which may not currently be known at this time. In addition to the risks described herein, as well as those risks for the treatment/procedure itself.

I have been given the option to defer my treatment/procedure to a later date. However, I understand all the potential risks, including but not limited to the potential short-term and long-term complications related to COViD-19 and I would like to proceed with my desired treatment/procedure.
